A wide selection of age specific and specialty care topics are covered, including telehealth. The new guide contains many enhancements:
1) updated content from the previous book with definitions, Key Tips, and examples;
2) chapters on nurse educator competencies, defining the educator's role in ambulatory care and providing guidance and tools for use in developing needed competency;
3) a tool kit for transitioning to ambulatory care with many helpful links and resources; and,
4) an appendix containing sample orientation and competency tools that will help the practitioner develop his or her own tools.
