Blood Coagulation & Fibrinolysis: An International Journal in Haemostasis and Thrombosis

An international fully refereed journal that features review and original research articles on all clinical, laboratory and experimental aspects of haemostasis and thrombosis.

Source: Lippincott Williams & Wilkins (LWW)
Author(s): Richard Marlar; Evgueni L. Saenko
ISSN: 09575235  EISSN: 14735733

The journal is devoted to publishing significant developments worldwide in the field of blood coagulation, fibrinolysis, thrombosis, platelets and the kininogen-kinin system, as well as dealing with those aspects of blood rheology relevant to haemostasis and the effects of drugs on haemostatic components.
