JOURNAL NEWS

Latest Circulation Journal from the American Heart Association Now Live on Journals@Ovid

The fourth of six Circulation journals from the AHA (and published by LWW) scheduled to be live on OvidSP in 2008 is now available.

Circulation: Cardiovascular Interventions focuses on interventional techniques pertaining to coronary artery disease, structural heart disease, and vascular disease, with priority placed on original research and on randomized trials and large registry studies that will significantly advance one’s practice and patients’ outcomes.

Stay tuned for more information on the availability of the 2 remaining Circulation titles.

BOOK NEWS

CARDIOLOGY

Cardiac Arrhythmias 2005: Proceedings of the 9th International Workshop on Cardiac Arrhythmias; Raviele, Antonio; Springer Science + Business Media

Written by world-renowned leaders in the fields of clinical electrophysiology and arrhythmology, the volume has represented since many years a biannual update on the most recent advances in the diagnosis, prognosis and treatment of cardiac arrhythmias.

Cardiac Surgery: Safeguards and Pitfalls in Operative Technique; Khonsari, Siavosh; Sintek, Colleen F.; LWW; 4th Edition

Now in its fourth edition, this text is a practical, heavily illustrated guide to procedures in cardiac surgery.

Cardiopulmonary Bypass: Principles and Practice; Gravlee, Glenn P.; Davis, Richard F.; Stammers, Alfred H.; Ungerleider, Ross M.; LWW; 3rd Edition

Now in its third edition, Dr. Gravlee’s text is established as the standard reference on cardiopulmonary bypass.

Cardiovascular MRI Tutorial: Lectures and Learning; Biederman, Robert; Doyle, Mark; Yamrozik, June; LWW

This is ideally suited for training courses for cardiologists and radiologists seeking certification to perform and interpret cardiovascular MRI (CMR) examinations.
Nuclear Cardiology; Oxford Specialist Handbooks in Cardiology; Sabharwal, Nikant; Yee-Loong, Chee; Kelion, Andrew; Oxford University Press
This is the first concise guide to nuclear cardiology that provides a comprehensive overview of the current practice of the speciality and has been designed as a useful pocket reference to aid trainees and specialists during the process of acquiring and reporting nuclear cardiology scans.

CRITICAL CARE MEDICINE
Critical Care Medicine: The Essentials; Marini, John J.; Wheeler, Arthur P.; LWW; 3rd Edition
Ideally suited for students in critical care rotations and residents, this concise, practical handbook presents the essentials of medical and surgical critical care in an easy-to-read format. The authors succinctly explain the pathophysiology underlying clinical disorders and the key principles of diagnosis and patient management, emphasizing cost-effective approaches.

Quick Reference to Critical Care; Diepenbrock, Nancy H.; LWW; 3rd Edition
This pocket-sized book is a quick-reference guide to procedures, treatments, and stabilization techniques for disorders, injuries, and patient situations commonly seen in the critical care setting.

EMERGENCY MEDICINE
Greenberg’s Text-Atlas of Emergency Medicine; Greenberg, Michael I.; Hendrickson, Robert G.; Silverberg, Mark; Campbell, Colleen; Morocco, Anthony; Salvaggio, Christy A.; Spencer, Matthew T.; LWW
Featuring more than 1,100 full-color illustrations, this atlas is a visual guide to the diagnosis and management of medical and surgical emergencies. Emergency medicine depends on fast, accurate interpretation of visual cues, making this atlas an invaluable tool.

GASTROENTEROLOGY
Handbook of Gastroenterologic Procedures; Drossman, Douglas A.; Grimm, Ian S.; Shaheen, Nicholas J.; LWW; 4th Edition
The thoroughly updated and greatly expanded fourth edition of the best-selling Handbook of Gastroenterologic Procedures covers all diagnostic and therapeutic procedures in current use for adult and pediatric patients.

The Little Black Book of Gastroenterology is a convenient resource offering quick access to vital information and makes a great reference for solving pressing problems on the ward or in the clinic.

IMMUNOLOGY
Encyclopedic Reference of Immunotoxicology; Vohr, Hans-Werner; Springer Science + Business Media
This work provides rapid access to focused information on topics of immunotoxicology not only for scientists and those dealing with laboratory aspects but also for lecturers and advanced students.
MICROBIOLOGY

The volume on the Proteobacteria culminates a four year effort by Bergey's Manual Trust and more than 150 internationally recognized authorities to provide a comprehensive view of the Proteobacteria, the largest prokaryotic phylum.

NEUROLOGY

*DeJong's The Neurologic Examination*; Campbell, William W.; LWW; 6th Edition
This classic text is a comprehensive, detailed guide to the neurologic examination. The book provides a thorough understanding of both the techniques of the examination and the anatomic and physiologic bases of the results.

NURSING

*Essentials of Patient Education*; Bastable, Susan; Jones & Bartlett
Recommended by the American Hospital Association, this application-based text addresses the needs and characteristic of the learner and discusses appropriate instructional approaches.

*Innovative Teaching Strategies in Nursing and Related Health Professions*; Bradshaw, Martha; Lowenstein, Arlene; Jones & Bartlett; 4th Edition
The fourth edition of this popular text expands on the third by taking an in-depth look at teaching strategies appropriate for educators working in all health related professions.

*Introduction to Nursing Research: Incorporating Evidence-Based Practice*; Boswell, Carol; Cannon, Sharon; Jones & Bartlett
The book alerts the reader to focus on potential weak areas within the dissemination of the research project.

*Introduction to Evidence-Based Practice in Nursing and Health Care*; Malloch, Kathy; Porter-O’Grady, Tim; Jones & Bartlett
This text provides an introductory perspective of evidence-based practice in nursing and health care.

This new edition of the award-winning text helps address the increased pressure that the NCLEX and other certification exams are placing on nursing students and faculty.

*Nursing Care of the Pediatric Surgical Patient*; Browne, Nancy Tkacz; Flanigan, Laura M.; McComiskey, Carmel A.; Pieper, Pam; Jones & Bartlett; 2nd Edition
This is the first book to address all aspects of pediatric general surgery from a nursing perspective—appropriate for nurses in pediatric surgery departments, student nurses interested in pediatric surgery, and nurse managers.

*Primary Care of Women: A Guide for Midwives and Women’s Health Providers*; Hackley, Barbara; Kribs, Jan M.; Rousseau, Mary Ellen; Jones & Bartlett
This text presents primary care information for the women’s health scope of practice, including management of common health problems, lifestyle changes, prevention, immunizations, and the presentation and management of complications in pregnancy.
Quick Look Nursing: Obstetric and Pediatric Pathophysiology; Madara, Bernadette; Avery, Carol T.; Pomarico-Denino, Vanessa; Wagner, Linda; Jones & Bartlett

Quick Look Nursing: Obstetric and Pediatric Pathophysiology is a quick reference book that works well as a supplement to other textbooks. It is the only reference book that covers obstetrics, women’s health issues and pediatric pathophysiology.

NUTRITION

Rapid Reference for Nurses: Nutrition; Herbold, Nancie and Edelstein, Sari; Jones & Bartlett

Portable and concise, this quick reference equips nursing students and health professionals with the facts and figures they need for clinical experiences.

OPHTHALMOLOGY

Ultrasonography of the Eye and Orbit; Coleman, D. Jackson; Silverman, Ronald H.; Lizzi, Frederic L. Rondeau, Mark J.; Lloyd, Harriet O.; Daly, Suzanne W.; Reinstein, Dan Z.; LWW; 2nd Edition

Written by well-known leaders in ophthalmic ultrasonography, this volume is a complete guide to the use of ultrasound as a primary diagnostic tool in ophthalmology.

PAIN MANAGEMENT

The Headaches; Olesen, Jes; Tfelt-Hansen, Peer; Welch, Michael A.; Goadsby, Peter J.; Ramadan, Nabih M.; LWW; 3rd Edition

Established worldwide as the one definitive, encyclopedic reference on headache, The Headaches is now in its thoroughly revised, updated third edition. The foremost international authorities examine the mechanisms of over 100 types of headache and provide evidence-based treatment recommendations, including extensive tables of controlled clinical trials.

PATHOLOGY

Breast Pathology Diagnosis by Needle Core Biopsy; Rosen, Paul P.; Hoda, Syed A.; LWW; 2nd Edition

Edited by two eminent authorities on breast pathology, this heavily illustrated text offers essential guidance on diagnostic evaluation of needle core biopsies.

Ioachim’s Lymph Node Pathology; Ioachim, Harry L.; Medeiros, L.J.; LWW; 4th Edition

Now in its fourth edition, this comprehensive, practical, and thoroughly illustrated reference offers valuable guidance in the diagnostic interpretation of lymph node biopsies.

PEDIATRICS/PSYCHIATRY

Child and Adolescent Psychiatry: The Essentials; Cheng, Keith; Myers, Kathleen; LWW

This concise and readable text provides the essential information that residents and general psychiatrists need to evaluate and treat psychiatric disorders in children and adolescents.

PHARMACOLOGY

Manual of Drug Safety and Pharmacovigilance; Cobert, Barton; Jones & Bartlett; 2nd Edition

A how-to manual for newcomers to the field of drug safety, clinical research, regulatory affairs, law and other domains touching on pharmacology who wish to learn the theory and the practicalities of drug safety (pharmacovigilance) and side effects.
Polyvinylpyrrolidone Excipients for Pharmaceuticals: Povidone, Crospovidone and Copovidone; Bühler, Volker; Springer Science + Business Media
The book describes the properties, analytical methods and the applications of different polyvinylpyrrolidone excipients (povidone, crospovidone, copovidone etc.) for use in pharmaceutical preparations.

PLASTIC AND RECONSTRUCTIVE SURGERY
100 Questions & Answers About Breast Surgery; Disa, Joseph J. and Czenko Kuechel, Marie; Jones & Bartlett
More than half a million women undergo therapeutic or cosmetic breast surgery each year. Whether you or a loved one is undergoing breast surgery for therapeutic or cosmetic reasons, the options and information about breast surgery can be overwhelming. This invaluable resource offers the guidance and advice you need.

Psychological Aspects of Reconstructive and Cosmetic Plastic Surgery: Clinical, Empirical, and Ethical Perspectives; Sarwer, David B.; Pruzinsky, Thomas; Cash, Thomas F.; Goldwyn, Robert M. Persing, John A.; Whitaker, Linton A.; LWW
Written by leading psychologists, psychiatrists, and plastic surgeons, this volume provides a thorough understanding of the psychological issues involved in reconstructive and cosmetic surgery.

PSYCHIATRY
100 Questions & Answers About Depression; Albrecht, Ava T. and Herrick, Charles; Jones & Bartlett
Approximately 35 to 40 million Americans will deal with severe depression at some point in their lives. Whether you’re a newly diagnosed patient, or a friend or relative, this book offers help.

100 Questions & Answers About Schizophrenia: Painful Minds; DeLisi, Lynn E; Jones & Bartlett
Approximately one percent of the population develops schizophrenia during their life-time. This chronic, severe mental illness can be devastating for patients and their family and friends. Whether you’re a newly diagnosed patient with schizophrenia, or a friend or relative of someone suffering from this mental illness, this book offers help.

Handbook of Psychiatric Drug Therapy; Rosenbaum, Jerrold F.; Arana, George W.; Hyman, Steven E.; Labbate, Lawrence A.; Fava, Maurizio; LWW; 5th Edition
Thoroughly updated for its fifth edition, this quick-reference handbook provides complete information on the major classes of drugs used in current psychiatric practice—including a new chapter on psychotropics for treating substance use disorders.

Kaplan and Sadock’s Pocket Handbook of Clinical Psychiatry; Sadock, Benjamin J.; Sadock, Virginia A.; LWW; 4th Edition
Now in its fourth edition, this popular quick-reference handbook remains a staple for medical students on psychiatric rotations, psychiatric residents, practitioners, and mental health professionals.

Principles and Practice of Geriatric Psychiatry; Agronin, Marc E.; Maletta, Gabe J.; LWW
Written by noted authorities in geriatric psychiatry, this volume is a clinically oriented guide to the diagnostic workup and treatment of psychiatric and neuropsychiatric disorders in
elderly patients.

Psychiatry; Tomb, David A.; LWW; 7th Edition
This succinctly written pocket-sized textbook provides the key information readers need to succeed in rounds and pass board exams.

PULMONARY MEDICINE
100 Questions & Answers About Chronic Obstructive Pulmonary Disease (COPD); Quinn, Campion; Jones & Bartlett
Chronic Obstructive Pulmonary Disease, or COPD, is a disabling and potentially fatal illness affecting more than 13 million people and is the fifth leading cause of death in the United States. Whether you or a loved one has been diagnosed with COPD, the number and type of diagnosis and treatment options can be overwhelming. This invaluable resource offers the guidance and advice you need.

RADIOLOGY
Abrams’ Angiography: Interventional Radiology; Baum, Stanley; Pentecost, Michael J.; LWW; 2nd Edition
The Interventional Radiology volume of the landmark reference Abrams’ Angiography has now been expanded and thoroughly revised to reflect dynamic advances in interventional radiology.

UROLOGY
Handbook of Pediatric Urology; Baskin, Laurence S.; Kogan, Barry A.; LWW; 2nd Edition
Updated and expanded for its second edition, this handbook is an accessible guide to the diagnosis and treatment of urologic disorders in infants, children, and adolescents. It covers the full range of pediatric urologic problems in an easy-to-use outline format with numerous illustrations and tables.

NEW BOOK EDITIONS

OTOLARYNGOLOGY
The third edition of this book focuses on a two-part approach to treatment that maximizes the chance for a cure while maintaining a strong emphasis on quality of life.

BOOK UPDATES

PRIMARY CARE
Primary Care Medicine: Office Evaluation and Management of the Adult Patient; LWW
This revised reprint of “Primary Care Medicine,” fifth edition, gives you a complete print and online package: the book plus access to a website offering the fully searchable text, monthly text updates, and patient and physician advisories.

DATABASE NEWS

Update to Evidence-Based Medicine Reviews
ACP Journal Club will soon be updated monthly instead of bi-monthly (stay tuned for details on when the monthly update will begin). In addition, you will be able to see the PDF link from the actual Topic Review regardless of how you got to the review. This means you will no longer see the “Ovid Database PDFs” link from the Results Display. Instead, you will see the standard “Full Text (PDF)” link from within the Topic Review itself.
